

# Thailand Wellness & Travel Opportunities for RFPA Members

March 2026

Over the next few weeks, all financial RFPA members will receive access to a range of **wellness, medical, and holiday opportunities in Thailand**, including discounted accommodation and the possibility of reduced-cost air travel.

This initiative continues the work your RFPA Committee of Management began 20 months ago when we started our RFPA Members Discounts and Benefits Scheme with five tyre branches in Sydney. It has now expanded to national offerings in Travel, Car Rental, Health and Other Exclusive benefits and discounts for all financial RFPA members. We have now established RFPA Business Partner arrangements through the Thailand High Commission for travel and health benefits for our members.

Thailand provides a wide range of high-quality wellness services, including:

- Dental reconstruction and implants
- Plastic and cosmetic procedures
- Wellness, longevity and relaxation programs
- Mental health and depression therapy
- General health screening
- Or simply a relaxing holiday at reduced cost

These services are offered through **BDMS Wellness Clinics**, one of Thailand's leading medical and wellness providers.

BDMS has shared the following information to help members explore what is available:

- **BDMS Wellness Overview Video** – facilities at the Bangkok headquarters
- **BDMS Wellness Retreat Program** – Movenpick BDMS Wellness Resort (up to 2 nights)
- **Longevity Blueprint Retreat** – Bangkok (4 days/3 nights) followed by Phuket (6 days/6 nights)
- **Highlighted Wellness Products and Services**
- **Wellness and Longevity Screening**
- **BWC Dental Wellness Clinic Video**

Many of these services can be completed in just a few hours, making them ideal for members with limited time.

More detailed information will be provided to members in the coming weeks.
